Hi Sonia,

The information in the Announcements and key Topics Section of the Site Profile Page has been published. The updated Announcements and Key Topics section should display after the next system Refresh which should be at 2:00 PM. Sadly, it doesn't look like the system Refresh occurred at 1:30 PM as expected.

The entire Administrative Record with the Proposed Plan and all of the Community Updates is available to the public through the Site Documents and Data tab in the Administrative Record collection named FY2020 ROD AR.

Fingers crossed that the direct links in the Announcements and Key Topics section will display by 2:00pm.
